Activity 1: Find a Scholarly Article in CityU LibraryFind

Use CityU LibraryFind to find scholarly articles on our topic:

PUBLIC PARTICIPATION IN URBAN RENEWAL IN MACAU

Step 1. Access CityU LibraryFind

1. Go to the Library’s homepage (http://www.cityu.edu.hk/lib/)
2. Select Advanced Search under the CityU LibraryFind search box

Step 2. Enter your keywords into CityU LibraryFind

1. Enter the keyword search terms into the CityU LibraryFind search box.
2. Make sure that you key in the word OR (in capital letters) to connect up similar terms. 
   [Example: children OR youth]

Step 3. Filter your search results to scholarly articles

With your search results displayed, click on Peer-reviewed Journals from the options available under Refine My Results (right of CityU LibraryFind screen).

Step 4. Select a relevant article

1. Scan the titles of the articles in the list of search results. Select an article you think may be relevant and click on the title (in bold) to open up the full record.
2. Scroll down to the Description (abstract) of the article. By reading this, you can confirm if the article is relevant or not.

Step 5. Use the “Citation” function

1. With the full record open, scroll down to view the Send to options.
2. You can view the article citation in APA (6th edition) style. Click on Citation. Remember to always check citations for accuracy before including them in your work.
